Advance-Nilfisk Parts - Think about how tiresome it will actually be to tidy up your own house after throwing a big party, without help from cleaning machines. Before, the time upholstery and carpets had the dust beat out of them manually; cleaning cloths, brushes and brooms were the state-of-the-art cleaning materials of that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After founding his company during the year 1906, he started to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the start was to own an international business marketing merchandise globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that can be operated by a single individual since it just weighed 17.5 kilos! This invention came in a time where many cleaning equipment were huge and required 4 or more operators, therefore, the Nilfisk C1 transformed everything and developed the way we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an existing dilemma; stuff get dirty and must be cleaned regularly, without too much effort.

Slowly, the business Nilfisk-Advance expanded throughout the years. During the the early part of the 1980's the company expanded more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, trying to be an active international player in making professional cleaning machines. Nilfisk-Advance is now represented in all parts of the globe by gradually obtaining numerous smaller businesses to be able to expand their product selection and presence in new markets. They are proud to provide various cleaning solutions to meet every requirement.
